IT Services Hungary

 IT Services Hungary is the biggest ICT employer of Hungary, the subsidiary of T-Systems International. Our company uniquely offers the whole portfolio of ICT-services operating from our centres in Budapest, Debrecen, Pécs and Szeged. We satisfy the needs of clients on international scale in the fields of system integration and operation, while our services also

include all the widely used software and hardware platforms of SAP system services as well as distant and local server operation, network management and supervision. Our work has been acknowledged by awards „Investor of the Year” (2008 and 2015) and „Employer of the Year” (2014/2015, National Champion). Since 2014 our company won the Superbrands award multiple times, and IT Business gave us the title: „The Most Successful ICT enterprise” in 2017.

 We are looking for experienced professionals to become member of our continuously developing and growing company!
