

SAP - ICT Consultant

T-Systems Slovakia

Job ID: 53137
Country: Slovakia
Location: Kosice
Region: East Slovakia
Employment Type: Full Time - Regular
Job Level: Graduate

Job Description

Do you want to work in a young and dynamic team and support projects for our customers of various sizes and industries?
Do you want to be a part of one of the biggest SAP locations in the world? Are you a SAP/PCI Engineer with significant knowledge who wants to push your own career? Are you fed up with a daily routine and ready to shake the boredom and not only take part in international migration projects, but also steer them?

 Your responsibilities

- Provide 3rd level support, solves problems and escalates more complex issues
- Communicate with customers about the proposed implementation procedures
- Collaborate with cross functional company teams to meet implementation project deliverables in the agreed quality, volume and time (Firewall, Network, WSA, OS Teams).
- Cooperation and technical communication with SAP Architect, Project Manager and management through the project lifecycle.
- Creates and maintains documentation accurate and up-to-date, documents all tasks by using pre-defined templates.
- Provide migration package coordination.
- Act according to the change management processes and the SAP infrastructure according to accepted policy and procedures.
- Report and regularly communicates with project stakeholders and/or customer.
- Demonstrate project and resource management capabilities.
- Responsible for technical communication with the SAP Architect, before and during T&T projects.
- Support for Project Manager in case of architecture solutions issues in execution phase.
- Transfer knowledge and approach into professional guidance of his/her team co-members. Be a technical support for migration team.

 Your skills

- Fluent English
- Analytical thinking
- Unix, Windows, Database administration overview and knowledge.
- Perfect level of communication skills and presentation skills
- SAP Technology overview and knowledge
- Experience with standard SAP implementation activities
- Customer orientation
- Hands on experience in SAP operation min. 7 years

Minimum offer salary for this position is 1185€ brutto+ Variable part of salary + Cafeteria. The final basic wage component can be adjusted accordingly to individual skills and experience of selected candidate.
