Feladatok

 SCRUM MASTER
 E stablished businesses around the world and across a range of sectors are striving to emulate the speed, dynamism, and customer centricity of digital players. To save the market leading position Magyar Telekom wants to get in the game and starts to spread the agile mindset within the organization.
For changing our way of working and generalizing agile thinking in the company we're looking for experts who are experienced in scrum / agile methodologies. As a Scrum Master you will be responsible for spreading agile mindset and methodology through coaching, implementing and improving processes and keeping up continuous improvement in the teams. WHAT YOU'LL DO:

- Set up and facilitate the scrum and agile ceremonies on team level
- Train team members on scrum and agile principles
- Work on continuous development and improvement of methods (together with other members of the agile community) and incorporate them into day-to-day work of the teams
- Facilitate development of procedures for sharing knowledge and expertise within the bigger organizational unit(s)
- Identify and eliminate impediments/bottlenecks in team performance and team delivery
- Provide insight on the improvement opportunities of team members
- Hold 1:1 conversations with team members

Elvárások

 SKILLS CRUCIAL TO SUCCESS IN THIS ROLE:

- Proven experience in scrum / agile methodology
- Excellent communication skills to teach and convey messages in a professional form
- Can-do attitude, result driven and openness to learn
- Openness to new ideas and desire to develop them together
- Strong collaborative problem solver

 MUST-HAVES:

- 2+ years of experience working as a Scrum Master
- Demonstrated experience at implementing scrum / agile methodology
- Demonstrated experience at building teams and improving team performance
